Margaret Hebb, Clerk to Bishop Burton Parish Council
Jason Chester, Bishop Burton Resident
John Castle, Walkington Resident
Peter Rolinson, Walkington Resident

12 August 2015

Dear Crawberry Hill Community Liaison Group Members,

As you will know, Rathlin Energy has been granted planning permission to drill another well at our West Newton prospect. This is an important step in our exploration programme. I attach a briefing statement we have prepared in relation to the next phase of work.

I am sure you will appreciate that we are disappointed that we will not be undertaking further exploration work at the Crawberry Hill site, but we will continue to work through the Liaison Committee to ensure that the local community is kept fully up to date with the works which remain to be completed. We will be asking for a meeting of the Liaison Committee early next month when we will be able to discuss our plans in more detail.

Yours sincerely,

A handwritten signature in black ink, appearing to read "David Montagu-Smith".

David Montagu-Smith
Chairman
Rathlin Energy (UK) Limited

CC.
