

Peel Gas & Oil

Property solutions for the onshore unconventional gas and oil industry

The Proposition

As a leading infrastructure, transport and real estate investment company, Peel is able to offer a unique package to the emerging unconventional onshore gas and oil sector.

We can provide:

- land and property
- fully consented sites
- water supply, treatment and disposal
- site construction

Through Development Agreements which:

- Establish the key requirements and milestones for delivery
- Deliver a flexible business plan tailored to agreed objectives
- Provide clear demarcation of objectives and responsibilities
- Deliver downstream infrastructure connections
- Agree commercial terms at outset and incentivise performance
- Encompass business change to match market opportunity
- Incorporate pre PEDL land acquisition options

...ensuring focus on core business

Property solutions for the onshore unconventional gas and oil sector
