Dear Mr :

Thank you for contacting me about oil drilling and exploration on the Island.

Having campaigned for the Island to be allocated national park status in recognition of both its beauty and ecological significance, I am opposed to oil drilling and exploration anywhere on the Island.

I will continue to monitor this issue closely and oppose any oil drilling or exploration on our Island.

Yours sincerely,

A handwritten signature in black ink that reads "Bob Seely". A horizontal line is drawn underneath the signature.

Robert Seely MP
